WELCOME

Infinity Park is in the heart of Glendale and was built on a bold vision to center the future of the city around the growing sport of rugby.

With forward planning and determination, the first rugby-specific stadium was built creating a combined 16-acre multi-purpose indoor/outdoor complex and stadium.

Infinity Park serves as a gathering place and entertainment anchor for the region. With events that encompass music, food, movies, sports and festivals.

Since the inception of RugbyTown USA and the construction of Infinity Park we have built a reputation among the International community as a first-class park and stadium. Each year we host rugby players from around the world for rugby tournaments and events. Those players leave knowing they have experienced the best rugby tournaments and facilities in the United States.

Infinity Park also brings a local feel to hosted events. With a state-of-the-art event center, community sports center and eight-acre green open space, local recreational leagues and kids leagues always have a place to practice

and compete. The park is a place where the community can gather and interact- marrying fitness, fun and culture for Coloradans of all ages.

Visit, share and enjoy Infinity Park where possibilities are endless.
